HOOVER'S ENTRY IN INDIANA RACE AWAITS DECISION

Candidate Consents But Puts Decision Up To His Advisers

MUCH SENTIMENT FOR GOV. LOWDEN

Hoover Crowd Confident Against Watson Alone But Fear Lowden

Washington, March 8.—The question of whether Herbert Hoover will enter the Indiana primary, opposing the favorite son candidacy of Senator James E. Watson, was put squarely up to his chief advisers in Indiana today.

Hoover has consented to enter the fight—and it probably will be a saving one—if his advisers and supporters, after a careful canvass of the situation in Indianapolis today, believe that such a course is wise. The decision has been left to them. It was stated at the secretary's office here this morning.

The time for filing in Indiana expires at midnight tonight. It is anticipated here that the Hoover managers in the state will be guided largely by what they can learn of the intentions of the Lowden camp. The Hoover people would relish an out-and-out contest with Senator Watson himself, despite his control of the state organization, but there is a feeling that the Lowden managers may also jump into the fight as soon as Hoover's papers are filed.

Lowden Sentiment
There is admittedly a good deal of Lowden sentiment in the state and Senator Watson, although himself a candidate, is known to lean more strongly to Lowden-and-Dawes than to the secretary of commerce. Hence the apprehension on the part of the Hoover managers that if they file too far in advance of the closing of the lists at midnight, Watson may extend an eleventh-hour invitation to Lowden and other candidates to come into the state for an old-fashioned free-for-all.

Against Watson alone, the Hoover people are confident; against Lowden and Watson they are not so confident. For Indiana is an agricultural state with a considerable preponderance of the way things have been going for the farmers under the (Continued on Page 4)

HE'S A GENIUS IN HIS OWN LINE

SAM FORREST
(International Illustrated News)

SAM FORREST never landed his picture in any paper before, but he's finally been induced to pose before the camera. Forrest, Broadway director, has had a hand in more successful plays than any other man in the last 18 years. One of his outstanding winners was "Rain," which was an outright failure before the cagey Forrest was called in to administer restoratives. It has just leaked out now that this man was really responsible for the play that probably comes the nearest to being the greatest American drama ever written. Hard work and an uncanny sixth sense seem to enable this little-headed of genius to accurately forecast what the public wants. That's why he has the highest batting average of any man in the business.

Frances Stratton To Be Graduated With First Honors

Miss Frances Stratton, daughter of Mr. and Mrs. E. F. Stratton, East Seventh st., will graduate with first honors from Earlham college, Richmond, Ind., at the commencement exercises in June. Both other honor graduates of the class are young women.

WOMEN ARRANGE DISTRICT RALLY

Mrs. Heppert of Akron, great commander, and Mrs. Catherine Shindler of Cleveland, district deputy, are expected here for a district rally of the Woman's Benefit association on May 3.

Plans for this rally were made at a meeting of the central committee held Wednesday in Alliance at the home of Miss Jessie Scott. All the reviews in the district are to have some of the work at the rally and also a fancy drill. There are six reviews in the district. Nos. 42, 295 and 364 Alliance and Sebring, Lima and Salem.

ARTER, PIONEER OIL MAN, DEAD

Born In Hanover 87 Years Ago, He Became Noted Philanthropist

Cleveland, March 8.—Funeral services for Frank A. Arter, 87, pioneer Ohio oil refiner, capitalist and philanthropist, who died at a local hospital late yesterday after a month's illness, will be held at his home here Saturday, relatives announced today.

Arter, who lived in Cleveland 62 years, is said to have donated more than \$1,000,000 to charity. Born in Hanover, O., Arter attended Allegheny college, Meadville, Pa., and intended to study law. However, he "struck it rich" in oil at Oil City, Pa., and in June, 1896 came to this city and started a refinery. He was the last of the independents to sell out to the Standard Oil Co.

DOLES REDUCED, DISTRICT MINE CHIEF RESIGNS

Nelsonville, Ohio, March 8.—Resignation of Oral Daugherty, president of sub district No. 1, of the Ohio miners union, was being reconsidered temporarily. Daughter told newspaper correspondents here today.

Daugherty, it is reported, offered his resignation to fellow officers of the Nelsonville district at a meeting last night, and pleaded that it be accepted.

His reason for offering his resignation, Daugherty said today, was because of the "lack of support being given Hocking valley miners by the United Mine Workers international organization."

JIMMIE WALKER WOULD ABANDON BIG NAVY YARD

Claims Brooklyn Yard Is Needed For Docking Facilities

Washington, March 8.—Politicians around in dazed circles today over the spectacle of Mayor James A. Walker, of New York, urging abandonment of the Brooklyn navy yard.

Ever since America had a navy and consequently, navy yards, politicians of all faiths, breeds and parties have maintained a ceaseless vigil over the navy yards in their constituencies and fought every threat to move them. Walker was the first politician, high, low or in-between, to recommend the abandonment of a navy yard in his own home town.

Shreve Officials Inspect Robinson Truck; May Buy It

A large delegation of city officials, business men and citizens of Shreve arrived here at noon today to look over the Robinson pumper fire truck which the city plans to dispose of when the new pumper truck is purchased.

Shreve has no fire fighting equipment of this nature and there has been a campaign on there to purchase a pumper truck. It was learned that the Robinson truck here is for sale and the town may decide to buy it.

A demonstration was scheduled for this afternoon. Delivery of the truck will not be made on a sale until the new truck is secured here.

SCHOOLMASTERS WILL MEET HERE

Dr. A. B. Kitzmiller, professor of psychology at Mt. Union college, Alliance, and Principal J. W. Smith of Youngstown East High school will be the speakers at the winter meeting of the Columbiana County Schoolmasters club here next Tuesday night.

It will be a dinner meeting and will be held in the domestic science rooms at Salem High school, with the domestic science classes serving the dinner.

J. L. Gray of Salem, assistant county school superintendent, is president of the county club and will preside. Principal Smith is president of the Ohio Schoolmasters club.

CASE OF BUSCHMANN GIRL PROVES PUZZLE TO MEDICAL SCIENCE

College Student, 19, Has Been Lying Unconscious In Hospital for 53 Days; Brain Cells Shattered, Says Physician; Most Amazing Case

BY JAMES L. KILGALLAN
Painesville, O., March 8.—Medical science is puzzled by the remarkable case of Helen L. Buschmann, 19-year-old college student of 21 Pearl street, Westfield, Mass., who has been lying unconscious in Lake County Memorial hospital in Painesville for 53 days.

No Danger of Death
"It is one of the most amazing cases in the history of medical science," Dr. V. N. Marsh, of Painesville, the attending physician, said in an interview with International News Service today.

Brain Cells Scrambled
"Her brain cells are scrambled," Dr. Marsh said. "The shock of the blow shattered and separated the multitude of tiny connections that make up the brain cells. The entire surface of the brain was injured. It is just as if the wires in a complicated switchboard had been suddenly ripped apart. It is a question as to how soon, if ever, the damage can be repaired."

100,000 Chicagoans Pray to Be Led Out Of Jungle of Crime
Chicago, March 8.—More than 100,000 Chicagoans, it was estimated today, went to special church services here yesterday and prayed for Divine assistance in leading the city "out of the jungle of crime."

HONOR OF ENGLAND

Under the direction of Premier Baldwin, England has been teaching government officials and assistants how to attend to governmental business in the right manner and leave outside activities alone. England has convicted three officials, high in the ranks of civil service, of acts inconsistent with their official obligations. An assistant under secretary for foreign affairs has been removed from office, a chief clerk in the same department was found guilty and permitted to resign, a lieutenant commander in the navy was reprimanded in official orders and deprived of three years' seniority.

The offense for which these men were penalized was their speculation for profit in the French franc during its many and violent fluctuations. The British decision was that their under officials were for from the line of duty and respectful behavior in trying to win profit from the distress of a friendly power. The malignity of their offense was that confidential information in the foreign office gave them the line of action, when to sell and when to buy. The John Bull verdict was that such conduct was proof of bad faith toward France, hence the offenders were guilty of treachery.

When news of the speculation in francs was brought to the attention of Premier Baldwin he ordered an investigation. When proof was given him he approved the sentences fixed and refused all pleas in mitigation, being made or considered. There could be given, he said, no plea in mitigation of an act that was an affront to France and a compromising humiliation to the integrity of Great Britain.

In England a dismissal from the civil service is fatal to the career of the individual. No one would care to see a number of careers ruined, but no one would care to have bad faith shown a friendly power and bad service given the home government. Premier Baldwin defended the honor of British, he was stern and uncompromising, and in that course he was exactly right. There is a difference between honesty and dishonesty. Officials and employees who are more interested in private profit than in the integrity of their conduct have only themselves to blame if they are thrown out of association with gentlemen.

CENSORSHIP

The run of "Maya," which has been playing to packed houses at the Comedy Theater in New York City, came to an end Saturday night. It proved offensive to the authorities and, despite every effort to influence District Attorney Banton, he refused to recede from his decision to close the play.

The Simon Gatliff drama was the first to be punished under the new censorship law, which is said to operate against isolated actions and lines in a play. The scope of the law, according to the New York papers, is so broad and thus far indeterminate that the closing incident of Saturday night has caused managers up and down Broadway to scrutinize play scripts with a more careful eye. One of the officials of the Actor-Managers, Inc., is quoted as having remarked apropos of the "Maya" closing: "Why, under its provisions, a revival of 'Camille' would be a hazardous proceeding."

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. (adv.)

SUNNY SMILE BRINGS IN BEST DIVIDENDS

By Royal S. Copeland, M. D.
Addison said, "Health and cheerfulness mutually beget each other." How true this is! If you have good health you are likely to be good natured and happy. If you maintain cheerfulness of mind your health is promoted. There is no doubt that health and cheerfulness do beget each other.

DR. COPELAND

Disagreeable than it is to practice self-control, and at least pretend to be good-natured and really try to be.

If you permit yourself to give way to your feelings, to indulge in outbursts of temper, and to say disagreeable things, you are doing yourself a great injury. To give way repeatedly to these tendencies, is likely to result in an irascible, disagreeable, inflammable disposition.

The worst of it is, too that these qualities can become fixed. I have known many a patient, temperate, kindly person, abounding in goodness and sweetness. With many of these I have taken pains to discuss the matter we are considering today. Lots of them have confessed to the possession in early life of quickness of temper, crankiness, gruffness and other disagreeable qualities.

The exercise of will power and the determination to turn away from the natural impulse to be disagreeable has brought about a complete reversal of thought and action. In short, it is possible to cultivate a cheerfulness of disposition.

When you give way to temper or to moroseness, it is not long before you have a headache, heartburn and other positive symptoms of

physical disability. The very violence of the outburst reacts upon the nervous system. The heart is set to pounding. The blood is in the head instead of in the stomach, where it should be at work digesting the food.

Repeated experiences of this sort are sure to impair the health. On the other hand, to be cheerful, to try to see the beauties of the landscape, to smile over the enthusiasm of your friends, to have a kind word for the bootblack, will react upon your physical nature and promote your general well-being.

I am confident Addison was right. He was expressing a fundamental truth. It is indeed true that health and cheerfulness mutually beget each other.

Tomorrow's HOROSCOPE

By Genevieve Kemble
FRIDAY, MARCH 9
With every rising of the sun
think of your life as just begun.
—Anon.

Very lively and interesting conditions, both personal and business, are presaged from the lunar aspects of this day, despite a holding back or obstructing of cherished hopes born of application and earnest effort. New projects may receive a degree of acceleration but it may be difficult to circumvent all obstacles. New contracts or obligations in writing, publishing or publicity may be considered and all pertaining to art, music or amusements may thrive.

Those whose birthday it is have a lively and eventful year, with some phases of progress and fresh opportunities despite some tenacious obstacles. Postponements rather than defeat may be looked for. Personal affairs will gratify. A child born on this day should be versatile and clever, leaning toward literature and art. It should be popular and well-liked as well as studious and diligent.

Skin Eruptions

successfully treated from within

SKILLED physicians recognize the appearance of pimples, boils and other skin eruptions as being an indication of an abnormal condition of the system.

This is why so many thousands have been enabled to free themselves of these unsightly blemishes and painful skin annoyances by taking a course of S.S.S.

You owe it to yourself and friends to give S.S.S. a trial. It helps Nature build rich, red blood—those vitalizing elements in the blood that build and sustain the body.

In building rich, red blood cells, S.S.S. improves the processes by which the body is nourished.

"I suffered from impure blood—was weak, and I had lost so much weight, I didn't look natural. I had pimples and was also bothered with a breaking-out that itched terribly. I also had boils one after another. I tried different kinds of remedies, but nothing did me any good

The last harmful germ

until a friend advised me to take S.S.S., which I did. This was some time ago. Now I feel well, and I am getting along fine. S.S.S. stopped the itching and it cured me of boils. I advise all weak and run-down people to give S.S.S. a trial. It clears up the skin and makes you strong and fills you with energy."—Mrs. J. W. Barker, 1337 Walnut Street, Cincinnati, Ohio.

NEGRO LEADING MARATHON RACE

South African Is Second As Finn and Indian Fall by Wayside

Barstow, Cal., March 8.—In this little desert outpost, the curtain rose today on the fifth act of C. C. Pyle's Los Angeles to New York leg drama as those hardy hoof artists who have survived thus far the rigors of the road prepared to journey onward.

As the transcontinental trek was about to resume, Eddie Gardner, Seattle negro, stood out as the most favored among the plodders. Gardner showed his heels to everyone concerned in yesterday's 36-mile lap between Victorville and Barstow, negotiating the distance in 5 hours, 15 minutes and 30 seconds.

England and South Africa, in the competent person of Arthur Newton, came to the fore in yesterday's run when the diligent British holder of a number of marathon records galloped into Barstow 14½ minutes after Gardner crossed the tape to take second place for the lap.

Finn and did not fare so well. Willie Kohlenstein, leader of the aspirants for Pyle's \$25,000 for a time, was picked up four miles from Victorville, suffering from a kink in the groin muscle, a weak leg and broken arches. Up to that point, the stout Finn had persisted bravely.

Another of the outstanding misfortunes of the Victorville-Barstow episode was the collapse of Chief Nick Quomawahi, Hopi Indian, who stood up under the terrific pain of a blister on his heel until he reached the end of the lap, where physicians found an operation necessary and he was officially withdrawn from the race.

FAVOR PROPOSAL OUTLAWING WAR

Chiefs of Five Nations Reach Common Viewpoint On Note

Geneva, March 8.—Chiefs of the French, British, Italian, German and Japanese delegations to the League of Nations council meeting have reached a common viewpoint regarding the United States' proposals for a treaty outlawing wars and it will form the basis of the French answer to Secretary of State Kellogg's latest note to France regarding such a treaty, it was learned this afternoon.

It is understood that there will be no further informal conferences upon the subject unless warranted by future developments. The diplomats here have adopted a cordial attitude towards the United States proposals. One of the main points under discussion was to ascertain if the anti-war resolution adopted at the Pan American conference at Havana is in flight with the obligations entailed by the League of Nations covenant.

A movement is under way to strengthen the league's membership. The council has decided to send letters to Spain and Brazil, regretting their withdrawal from the league and urging them to re-enter.

LINDBERGH OFF, CONCEALS PLANS

Leaves Bolling Field As Uncommunicative As Ever About Plans

Washington, March 8.—Still tight-lipped and uncommunicative about his future plans, Col. Charles A. Lindbergh took off from Bolling field at 12:01 o'clock today for an unannounced destination.

His departure ended a stay of 48 hours in the capital, through all of which he remained in seclusion at a private club, with the single exception of a visit to the state department yesterday. He would neither confirm nor deny reports that he was planning to enter a Baltimore hospital for a rest.

Lindbergh was accompanied in the Ryan plane by Henry Breckinridge of St. Louis, one of Lindbergh's financial backers, and Maj. Thomas P. Lanphier, commander of the army flying field at Selfridge field, Mich.

All declined to state where they were going, but it was variously reported that either St. Louis, Detroit or New York was the destination. Lindbergh took the plane off the ground with his usual smoothness and dexterity, despite the bumpy condition of the field. He circled the flying field twice, gaining altitude, headed southwest and was soon lost in the haze.

Flying officers at the field said Lindbergh did not reveal his destination to them, and the war department professed equal ignorance.

SHERIFF OUSTS SIX DEPUTIES IN BOOZE CASE

Cleveland, March 8.—Sheriff Edward J. Hanratty, of Cuyahoga county today continued his investigation which led to the suspension of six deputy sheriffs and the dismissal of Ernest Moore, deputy in charge of the lower jail here, who pleaded guilty to possessing liquor in jail before U. S. Commissioner M. J. McMahon.

Moore was arrested on a warrant sworn to by Hanratty, after it was alleged, he saw Moore in the jail receiving liquor into a tin-cup for four prisoners.

Hanratty claimed he discovered a jail alarm system that warned the deputies of his surprise visits to the county prison.

VELVA G. DARLING
(International Illustrated News)

WHEN TALKING about girls who are making good, don't overlook Velva G. Darling, the youngest feature writer in America. Velva has just returned to New York from her native California and found that the governor had given her a special license number for her auto—22-22.

You see, "She's 22, too!" is the catch phrase of a very modern girl in one of Velva's highly popular syndicated articles.

Velva understands the flapper as no one else in the world does. That's because she's a flapper herself—and, incidentally, a mighty pretty one.

She has gained a host of readers as the author of "Hey! Hey! Henrietta!" and "Sometimes I Think I Do—Sometimes I Think I Don't!"

All of which goes to prove that, despite the assertions of scientists and woman-haters, beauty and brains ARE sometimes combined!

An order of partition has been handed down in the case of Chauncey S. Funkhouser against Lyla Funkhouser. The commissioners appointed in this case are Emmett Moore, Edward Cox and Marius Whinenny.

Two Cases Settled
In the foreclosure action filed by the Potters Savings & Loan Co. against John R. Denver and others, and in which a judgment for the plaintiff has been entered for the plaintiff for \$1,795.52, there has been a settlement at the costs of the defendant.

the defendant. No further record is to be made in this case.

George M. Aten and others have made a settlement in the case filed in common pleas court against them by Titus Hoskins. The action was to marshal liens. The costs in this action have been paid by the defendants.

Receiver's Report

The report of the receiver has been filed with the court in the case of A. A. Durivage against the Columbiana Oil Co. The court has allowed fees for the receiver, and also counsel fees for attorney for the receiver.

Overrules Motion

A motion to dissolve an injunction in the case of William H. Knapp against M. G. Martin and other has been overruled by Judge Vaughn.

Filer's Petition

Harry R. Elten has filed a foreclosure petition in common pleas court against Samuel Kelly, in seeking recovery of \$157.25 due on a note given at Kensington April 2, 1920. The plaintiff is represented by George I. Lafferty of Lisbon.

Salem Damage Action

Bessie Wallace, residing on R. F. D. No. 1, Salem, has filed suit in common pleas court for \$36,000 as a result of injuries she sustained while a passenger in a Yellow taxi at Salem as it was crossing the Pennsylvania railroad at Newardon. The defendants are the City of Salem, Pennsylvania Railroad Co., and Leonard J. Barber, of Salem doing business as the Yellow Taxi Co. of Salem.

The accident is claimed to have occurred at 9:30 o'clock the evening of Jan. 1, last, when she was being taken to her home in the taxi. The petition relates that the plaintiff sustained severe injuries from which she has not yet fully recovered.

Error Is Claimed

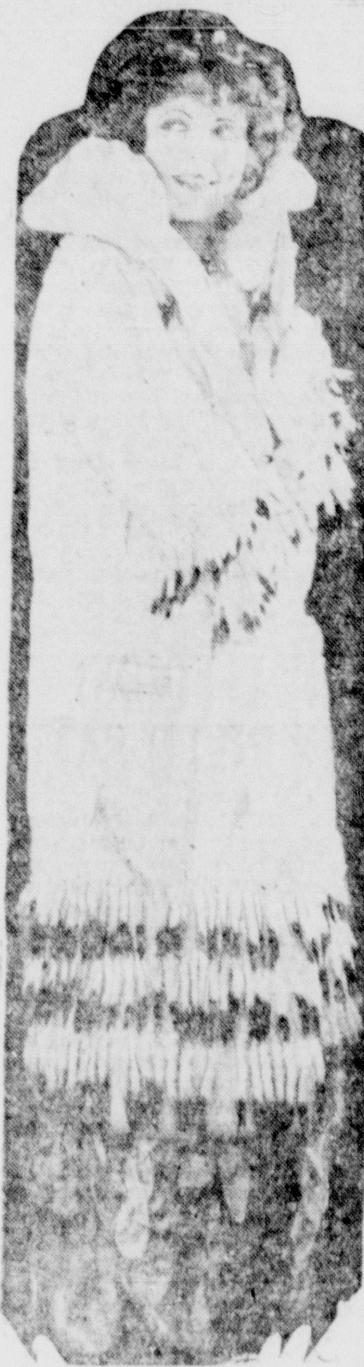

Error has been claimed in the proceedings in a default judgment recently rendered by Justice of the Peace J. W. Hahn in West township, in the claim of \$70 for work and labor performed by William H. and L. S. Farnicle for E. S. DeFord.

The case has been carried to common pleas court for the defendants by Attorney J. Lee Pickering of Mineola. An action in attachment resulted in the lower court when the original petition was filed by the plaintiff.

Divorce Case Dismissed

The divorce and alimony action filed in common pleas court last November by Emma Pearl Hull against her husband, William H. Hull, has been dismissed by Judge W. F. Lones on motion of the plaintiff, and at her costs.

SOCIETY

Christian Society

An illustrated lecture on South America by Rev. C. F. Evans was a feature of an interesting program at a meeting of the Missionary society of the Christian church Wednesday evening at the church.

The musical numbers on the program were: Vocal duet, Mrs. Cora Schwartz and Mrs. R. D. Painter; selection by a quartet composed of Mrs. G. F. Jones, Mrs. Painter, Mrs. Emma Schaffer and Mrs. Schwartz; vocal solo, Mrs. Henry Sheen. Mrs. Ruth Berry was the accompanist for the vocal numbers. Miss Lena Beardmore had the scripture reading.

Mrs. James Probert's division was in charge of the program and the lunch was served by Mrs. Frank Graber's division. About 80 were in attendance.

On April 13 the society will have a luncheon in connection with its meeting the annual mile box opening will be a feature.

Losers Entertain

A group of Salem women who are club associates had a dinner Wednesday evening at Foster's Inn at Hanoverton.

The affair was given by the losers in a series of bridge games for the winners. Returning to Salem after the meal the guests went to the home of Mrs. Donald Carey, Goshen ave., and played bridge with three tables engaged. The prizes in the games went to Mrs. Dwight McNab and Miss Ethel Woodruff. In two weeks the members will meet again.

Dot and Dash Club

Miss Dorothy Bodendorfer entertained members of the Dot and Dash club Wednesday evening at her home, East High st.

The evening was spent playing bridge and the prizes were awarded to Mrs. Ione Harsh and Miss Geraldine Clay. A lunch was served and St. Patrick's decorations were used. In two weeks Miss Dolores Halderman will entertain at her home, Fifth st.

Hostess at Luncheon

Green and white tones were used to decorate the table when Mrs. M. E. Cobb entertained her club associates at a 1 o'clock luncheon Wednesday at her home, McKinley ave.

The guests surprised Mrs. Cobb by presenting her a gift in honor of her recent marriage. Partywork was a diversion of the afternoon. In four weeks the members will meet again.

Dinner and Cards

Mr. and Mrs. Orville Whinnery, East Pershing ave., were hosts to their club associates Wednesday evening at their home.

After a covered dish dinner the time was enjoyed at playing "500." Meeting in two weeks the members will be guests of Mrs. Nettie Calladine, Ohio ave.

Grange Social

Marked by an unusually large attendance the young people of Goodwill grange held their monthly social session Wednesday evening at the hall, northwest of Salem. A series of games entertained and refreshments were served. A number were from various granges in the community.

Marion A. Cox, who has been on location with a movie company in Juarez, Mex., has returned home on a leave of absence to visit his parents, Mr. and Mrs. William Cox, North Georgetown rd. He will return to a studio in Hollywood, Calif., to take a position as technical advisor.

Miss Mary Woerther and Mrs. Sadie Cochet spent Thursday morning in Alliance on business.

Atty Joseph Pawcett, of Cleveland, formerly of Salem, was here today on a visit.

COAL INDUSTRY

(Continued from Page 1)

the rear of the room, Lewis, raising his voice, warned that the "same inhuman misery" faced Pennsylvania and Ohio in this drive "to de-grade miners keeps on."

Charges Rail Conspiracy

Lewis said that "a conspiracy on the part of the big railroads to de-grade prices and break the union" was largely to blame for the present "demoralized state of the steel coal industry."

"The walls and lamentations of hungry wives and ill-fed children go unheeded by the big bankers who sit in their offices in New York and dictate the policies of the railroads," he declared.

The federal courts also have been used to halt progress of the miners and further subjugated them. Lewis charged that the Pittsburgh Coal company, "recognized as a Mellon concern," was among the first to "violate and dishonor the Jacksonville wage agreement." The present strike resulted when operators refused to renew the agreement.

In reply to questions by Senator Wheeler (D.) of Montana, Lewis declared that R. B. Mellon, brother of Secretary of the Treasury Mellon, was a director of the Pittsburgh company.

"Mr. A. W. Mellon was a member until he became secretary of the treasury," added Lewis.

"Didn't the company constantly consult Secretary Mellon when the Jacksonville scale was being negotiated?" asked Wheeler.

"It is our understanding that the company took no steps without consulting the secretary," replied Lewis.

"The Mellon Bank for years has been the fiscal agent of the company."

OHIO SPEAKERS WILL BALLYHOO FOR SEN. WILLIS

Thompson Says No Other Speakers Are Listed For Campaign

Columbus, March 8.—In keeping with plans to make the campaign in the Buckeye state on behalf of U. S. Senator Frank B. Willis for president an "All-Ohio" affair, it is probable that the list of speakers will be restricted to Ohioans, Col. Carmi A. Thompson, Willis' campaign manager, stated today.

Thompson said he did not expect Lowden, Curtis or Watson to speak in this state during the pre-primary campaign which terminates with the presidential preference primaries to be held April 24.

Announcement made today by Hoover leaders that former Atty Gen. C. C. Crabbe, now practicing law in Columbus, had aligned himself among the voters who are supporting the candidacy of Secretary Hoover, was verified by Crabbe this afternoon. Crabbe did not indicate whether he will make any addresses, or take other active part in the campaign.

Mills Explains

Hoover leaders today did not reply to a statement, issued by former Atty Gen. Herbert Mills, Dayton. In this statement, addressed to Willis campaign managers, Mills explained why he recently transferred his allegiance from the Hoover camp to the Willis forces.

He expressed "fear" that Hoover would be unable to "measure up to constitutional requirements that a president of the United States must have been within this country for a period of 14 years," and that Hoover could not withstand the "acid test of Republicanism."

Arrangements have been made for Willis to speak at Lancaster at noon March 17, it was announced. He is to talk at a noon luncheon here next Saturday and at Athens that night.

Plans were being made at Willis state headquarters, it was stated, for addresses by Congressmen Roscoe McCulloch, Canton; Charles Brand, Urbana, and former Congressman Ralph D. Dole, Findlay, in support of Willis.

It was not known whether Congressman Roy G. Fitzgerald, Dayton, would deliver any addresses.

MOTHER KILLS BABIES, FAILS ON OWN LIFE

Pittsburgh, March 8.—A mother killed her two babies and then failed in an attempt to take her own life in their second-floor apartment here, police reported today.

The babies, Billie Ward, 3, and Dorothy May, 8 months, were found dead in the apartment and their mother, Mrs. Catherine Ward, 25, was expected to recover from wrist wounds inflicted with a razor blade, according to police.

Billie was found in a bathtub, partly filled with water, a rag tied around his neck and a deep knife wound which reached to his heart. In her crib, in the mother's bedroom, was Dorothy May, the diaper which was the instrument of death, cutting her neck.

The mother gave the first alarm. Running to the apartment of Mrs. E. T. Clifford on the first floor, shortly before noon, she cried: "Both are dead! Get somebody, Mrs. Clifford."

BUSCHMANN

(Continued from Page 1)

injected. The digestive organs have functioned properly. Her body functions go on normally, although she lies unconscious and inert.

Her weight is about 120 pounds and she has lost only a few pounds since the accident occurred. All the injuries resulting from the accident have healed with the exception of the damage to the brain.

Temperature Normal
"Her pulse and temperature are practically normal," Dr. Marsh said. "The brain has no control over the action of the heart."

M. G. Goddard, superintendent of the hospital, who is also intensely interested in the case, said it has been proved in experiments with pigeons that the brain can be taken away and that the bird will continue to live. He declared that functions of breathing and the beating of the heart go on as usual.

Dr. Marsh said the unusual case of Miss Buschmann shows how long the body can carry on without the control of the mind. The body is not paralyzed. The girl occasionally moves her hands slightly and her feet occasionally. Now and then she turns her head.

Her eyes frequently look directly at the doctor but show no sign of recognition. The action of the eyes is not voluntary. She yawns naturally at times.

She never speaks, however. She does make an occasional noise with her mouth, demonstrating that the vocal chords are not paralyzed. The greatest danger she now faces is pneumonia, rather than insufficient food. She requires only 1,500 calories a day as she is getting no exercise and is in good physical condition.

Moral Problem
"This remarkable case has brought up the moral problem of whether or not it would be right to keep her alive," said Dr. Marsh, "but it is inconceivable that anything would be done other than what we are doing—keeping her alive and hoping for a favorable turn and a re-adjustment of her scrambled brain."

In the opinion of Dr. Beck, the patient may remain in her present condition for months. If the brain cells regain contact, use of the limbs may follow, he said. The patient is massaged daily to keep the blood in

good circulation and the limbs are exercised by raising and lowering. Through all the treatment the pretty girl student shows no signs that she is aware of what is transpiring. A fluttered eyelid or a soft moan is the only indication that life exists.

The heart-broken mother, watching over her daughter, clings to every vestige of hope. Every slight movement of the body of her unconscious child brings a gleam of hope to the eyes of the mother. For pure pathos the case is almost without parallel.

SOVIETS GOLD IS SPURNED BY U.S.

Washington, March 8.—Another subtle effort of the Russian Soviet to obtain at least implied commercial recognition from the United States has been checked.

This view was taken by official Washington today after a close scrutiny of the facts surrounding the refusal of Secretary of the Treasury Mellon to purchase \$5,000,000 in Soviet gold, on behalf of the government.

While the treasury department simply said the gold could not be assayed by the mint because it was not presented by owners and that the Soviet could establish no title, it was learned that even more important reasons were back of the continuation of the ban established in 1920.

The gold was imported for the Soviet state bank and held in the vaults of the Chase National bank and the Equitable Trust company of New York, pending negotiations. It probably will be shipped back to England, changed into pounds which will be converted into dollar credit.

If this government had purchased the Russian gold the Soviet immediately would have "ballyhooed" to the world that it was doing business directly with the U. S. government, officials explained.

Such a statement, backed up with America's purchase of the gold, would have been a tremendous asset to the Soviet in other markets.

HOOVER ENTRY

(Continued from Page 1)

Coolidge administration. Both Indiana senators supported the McNary-Haugen bill, which Lowden also endorsed, and which Secretary Hoover has opposed.

If Hoover's name is entered in the lists, it was said today to be quite probable that the action will be taken very late tonight. There may even be the spectacle of the two camps—Hoover and Lowden—watching each other until a few minutes before midnight.

33 Delegates

Indiana will have 33 delegates in the Kansas City convention—a stake worth fighting for in the opinion of the Hoover managers. However, they do not want to engage in a spectacular primary battle in a pivotal state like Indiana unless they are fairly sure of emerging with their candidate's prestige undamaged.

A battle like Ohio, where Hoover it pitted against Willis the favorite son, alone, is more to their liking. There, if Hoover emerges with 15 to 20 delegates, the result can be claimed as a real victory. It will prove the Hoover managers content that their candidate is strong enough to invade another candidate's own state, and in the face of the opposition of the state organization, take part of the state.

The situation in Iowa, where Lowden's candidacy apparently has carried everything before it, also has operated to make the Hoover managers somewhat cautious about Indiana. For Indiana, like Iowa, is predominantly agricultural.

REAL DANGER LIES IN CONSTIPATION

Science Says Soft Life and a Soft Diet Are Dangerous

90% of modern city people suffer from constipation, says medical science. Irregular and incomplete bowel movements are the causes of sallow cheeks, headaches, sleeplessness, and loss of vitality, and almost always pave the way for more serious ailments. Frequently constipation is the starting point of trouble which results in premature disability or death.

Soft life and a soft diet are the principal causes of constipation. The relief is simple—add natural 100% bran—Pillsbury's Health Bran—to your diet. Don't form the dangerous laxative habit—use roughage, the natural cure. Primitive man ate roughage, and had no constipation. Modern man needs roughage—the best kind is the true 100% bran, Pillsbury's Health Bran. It furnishes the bulk you need so badly.

Warning—be sure you get natural 100% bran—Pillsbury's Health Bran. That's the kind of bran your doctor means when he says, "Eat bran." Because it is uncooked, unsweetened, and unadulterated, it really does the work—you get the full, gentle, natural laxative action of the unbroken flakes. You can use it to prepare any number of delicious foods—muffins, tea-cakes, apple cake, macaroons, doughnuts, etc. That's the way to eat bran—your own home baking does not rumble it and reduce its laxative value.

Delightful recipes are printed on every package of Pillsbury's Health Bran—eat it some way three times a day.

ATTORNEY SHOT BY ESTRANGED WIFE; MAY DIE

Washington, March 8.—Wm. C. (Billy) Gloth, commonwealth attorney for Arlington county, Virginia, was in the hospital today with a serious bullet wound in his chest, put there by a revolver held in the hand of his estranged wife, Mrs. Marjorie Gloth.

The wife was arrested and later released on \$10,000 bond to await the outcome of Gloth's injury.

The shooting was the culmination of a long record of domestic difficulties between the pair. Mrs. Gloth obtained a limited divorce several years ago from her husband, who was a famous football player at the University of Virginia.

Gloth was shot as he stood on the porch of his wife's home in Alexandria, talking with Mrs. Gloth's mother, Mrs. Della Snyder. Gloth told the police, "don't do anything to her because of the boy." They have a 14-year-old son who lives with his mother.

BODY IS FOUND IN RIVER SAND

Dover O., March 8.—Physicians performing an autopsy today on the limbs and lower torso taken from the sands of the Tuscarawas river near here, reported they were not certain if the members were those of a male or female, it was declared by Coroner J. F. Lewis.

The members, thought to be those of Miss Viola May, 23, missing since Feb. 7, were found late yesterday by Earl Reichenbach, a trapper, near Port Washington in the sand five feet from the water line.

Miss May disappeared the night before her brother-in-law, W. H. Herron, 41, is said to have confessed to having attacked and choked her and then dropping her body into the river after discovering she was dead.

The first president of the United States to depart from the custom of remaining within the national jurisdiction was Grover Cleveland, who was fond of the water, and on one occasion was carried outside the three-mile coast line.

NEW ADVENTURE FOR MABEL BOLL

Diamond Queen has Many, Latest of Which Is Flight To Cuba

New York, March 8.—"Just another adventure for her."

That's what the friends of Mabel Boll, "queen of the diamonds," were saying today following her successful flight to Cuba with Charles Levine. For Miss Boll's life has been one adventure after another. She first came into the limelight some years ago when she arrived in New York from Paris with \$1,000,000 in gems.

She told customs officials they were presented to her by a husband with whom she lived for only four days. From that day on she was referred to as the \$250,000 a day bride or the diamond queen.

She has been involved in plots abroad to rob her of her gems, she has figured in numerous reported romances, but somehow she has managed to cloak herself in a veil of mystery as to the actual facts. Her parents are said to live in Rochester, N. Y. It also has been said that she is the former wife of Hermande Rocha, a South American politician.

She owns a chateau near Paris which is famous for its lakes, swans and peacocks.

And she thinks nothing of wearing 33 bracelets on one arm.

MOTOR STOCKS LEAD

New York, March 8.—Motor stocks led the activity in the stock market at the opening today. Prices were irregular. General Motors leading the advance with a gain of 1/2 at 150 1/2, while Packard lost 1/2 at 63 1/2. Chrysler was up 1/2 at 82 1/2. Hudson up 1/2 at 82 1/2. Studebaker and Nash fractionally lower.

In the industrials, U. S. Steel sold up 1/2 at 141 1/2, Colorado Fuel up 1/2 at 70 1/2. Steel Foundries up 1/2 at 82 1/2. American Can up 1/2 at 89 1/2. American Tel. and Tel. up 1/2 at 190 1/2. Rails were irregular, with Frisco up 1/2 at 113 1/2 and Atchafalaya down 1/2 at 183 1/2.

The motor stocks dominated the situation in the first hour of trading on the big board today. Chrysler and Packard had the benefit of favorable earnings and production statements. Studebaker broke all of February's production records in February, and General Motors had a very busy period, with the price advanced in fairly heavy trading to a new peak at 151 1/2. Hudson was a favorite with heavy buying demand from Detroit and Chicago investors.

General industrial and financial conditions were unchanged. Preparatory to the directors' meeting of General Motors corporation, the annual statement for 1927 was released for publication. It differed in no important essential from President Alfred Sloan's summary statement, made about three weeks ago. Net earnings last year were \$12.99 a share, and the net assets of the corporation for the first time passed the billion-dollar mark.

Comments on the brokers' loan situation by the governor of the reserve board and other prominent bankers coincided with the Wall Street view, and considerable satisfaction was derived from Mr. Young's statement that the next change in rediscount rates might be downward instead of upward. At least, it appeared that the "powerful interests" were still on the constructive side of the stock market, and not inclined to sell stocks.

The independent steel shares and the coppers reached a slightly higher level of prices. U. S. Steel gained a point, and the active gas lighting stocks made a good showing in this period. Rubber stocks were still under pressure. U. S. Rubber reflecting prospects of a cut in the preferred dividend. Continental Baking settled down to a new low for the year. Call money renewed at 4 1/2 per cent.

LIFE SENTENCE FOR BOY OF 15

Andy Dyken Repeats He Did Not Intend To Kill His Mother

St. Clairsville, O., March 8.—Still asserting he did not intend to kill his mother, Andy Dyken, 15-year-old boy of Methodist Ridge, today pleaded guilty to a charge of second degree murder, and was sentenced to life imprisonment by Common Pleas Judge W. W. Cowen.

Sheriff Hardesty announced that Dyken would be transferred to the Ohio state penitentiary Tuesday, when he will become the youngest "lifer" in the state institution. Dyken had been indicted for first degree murder, but upon advice of his attorneys, pleaded guilty to the lesser charge with the permission of the county prosecutor and courts.

After sentence was passed, young Dyken looked over the crowd in the Belmont county courtroom and espied his father.

"I suppose the old man will be satisfied now," the youth remarked. Ever since the fatal shooting of his mother, Mrs. Mary Dyken, last Dec. 6, the boy had maintained he had no intention of killing her. It was reported, however, that young Dyken exhibited no remorse when told his father had been seriously wounded.

Grace Dyball Found In Detroit, Report

Grace Dyball, Salem High school girl who has been missing for about two months, has been located in Detroit and will be brought back to Salem Friday, according to report today.

Mrs. Grace F. Dyball, her mother, has gone to Detroit to see her daughter and induce her to return here, it was said today.

The girl left home one night in the family auto, going to Cleveland and abandoning the machine. After working as a maid for a time, she was discovered and fled to Detroit. She was located Wednesday with friends in the Michigan city, it is said.

Sandino Lieutenant Is Reported Killed

Managua, Nicaragua, March 8.—On the eve of debate in the house of deputies upon the election bill, authorizing the United States to supervise the general election in October, an unconfirmed report was received today that three rebels have been killed in a skirmish with U. S. marines and native constabulary near Telapene.

One of the rebels was said to be Gen. Formas Megalana, one of Sandino's trusted lieutenants. There were no casualties among the marines or native troops.

Train Dispatchers Ask Wage Increase

Cleveland, March 8.—A group of 42 chairmen, representing 350 members of the American Train Dispatchers' association, today had decided to request for the membership an increase of \$27.50 per month, following a meeting here late Wednesday.

The chairmen, who represented New York Central dispatchers at division points between New York, Chicago, St. Louis, Cincinnati and Pittsburgh and in Canada, will submit the demand for increased pay and will discuss the proposed six-hour day when they meet with the railroad management.

"LAST DAY AT CENTER RIDGE SCHOOL"

15 FLEE FROM CABARET WHEN MAN IS KILLED

Chicago, March 8.—One man was shot to death and another wounded, probably fatally, in the Dreamland Inn, a west side cabaret today.

The dead man is believed to have been Angelo Luci, a man of unknown occupation. Fifteen persons, including two women, fled from the inn after the shooting, according to a witness.

When police reached the scene, the wounded man had disappeared. An hour later Frank Siciliano was taken to a nearby hospital by his brother-in-law, Daniel Boffin. Siciliano had been shot through the stomach.

Boffin said the man stumbled into his house early this morning and asked to be taken to the hospital. Boffin did not know how he had been shot, he said. The wounded man would not talk.

OHIOANS AWAIT COOPER'S MOVE

Columbus, March 8.—Ohio political circles today awaited with interest final decision by Myers Y. Cooper, Cincinnati, of the question whether he will formally enter the race for the Republican gubernatorial nomination this year.

Cooper, who was the unsuccessful G. O. P. candidate for governor two years ago, conferred here yesterday afternoon with Congressman James T. Begg, Sandusky, who some weeks ago formally declared his candidacy for the Republican gubernatorial nomination. The declaration that "no attempt was made to decide for the people who was to be the Republican candidate for governor, it being realized that the question will be settled by the electorate."

Levine Will Start North Late Today

New York, March 6.—Mrs. Charles Levine, who received a radio message from her husband stating that he will begin the flight back from Havana, Cuba, this afternoon.

Levine, Mabel Bell "Queen of Diamonds," and their pilot, Wilmer Stoltz, plan to make the return trip in a series of short hops, the message said.

"We probably will reach New York Saturday," Levine's message said.

Levine may encounter a rain-storm unless he speeds his departure from Cuba. Dr. Kimball, weather bureau forecaster, said:

If you are offered anything to drink in a Chinese home, it is a breach of etiquette to touch it before the moment you are about to leave.

GIRL ATHLETES MAKE READY FOR OLYMPICS

City of Pasadena, Cal., is watching some of its girl athletes in their daily work-outs for the coming Olympic games at Amsterdam. Upper left shows Ruth Webster (left) and Anne Urana (right), practicing on the low hurdles. Upper right, Lillian Copeland, one of the outstanding girl performers, who goes in for the "weighty" events. Lower left, Nellie Doerschlag, Rayma Wilson, Anne Urana and Ethel Nichols make a speedy finish of the 50-yard dash; lower right, Mary Taylor, the dimpled mascot of the team, without whom there could be no success. With few exceptions there are no family names in Egypt. Thousands have exactly the same names, which makes identification a matter of great difficulty for the authorities.

POULTRYMEN IN COUNTY TAUGHT NEWER METHODS

A project in growing healthy pullets is being offered to poultrymen of Columbiana county by County Agent Floyd Lower.

Letters have been sent to a number of flock owners and the project is being explained in connection with a series of meetings on chick rearing being held this week.

Paul Zumbro, poultry specialist of Ohio State university, is speaking at the meetings.

The plan of the project provides for a sanitation program, in growing chicks in order that pullets may be healthy and more profitable layers. Flock owners who are interested enroll with the county agent and end of the chick rearing season. Those enrolled will be sent a series of bulletins on various phases of chick rearing.

The suggestions on the management program are simple, easily followed, and do not involve unnecessary expense. Briefly stated they are:

Start with vigorous, healthy chicks; clean brooder houses and equipment; move brooder houses to clean ground; have clean litter (free from mold); feed clean complete ration; grow chicks separate from old stock.

YOUTH SLAIN IN LIMA HOSPITAL

Lima, Ohio, March 8.—The body of Edmund S. Riegel, 21, of Niles, was held for removal to Niles, today while William H. Mohler, 81, convicted wife slayer, of Bluffton, was held in solitary confinement at the state hospital for the criminally insane, following Riegel's death here late yesterday.

Riegel, a cripple, according to attaches of the hospital, died soon after being struck over the head with a machinist's hammer, wielded by Mohler. Dr. W. H. Vorbau, superintendent of the institution, reported that Mohler had no motive for the killing, except an irresistible desire to kill.

The tragedy occurred in the basement of the institution, near the dining room where Riegel and Mohler had been employed. At meal times, according to Mohler's story, he picked a lock in a room where plumbers had been installing wash basins, and there obtained the hammer.

Then, according to Dr. Vorbau, he mingled with other patients, and enticed Riegel to the basement by promising to give him a watch chain. In the basement, he turned upon Riegel and slew him, Dr. Vorbau said.

Vigorous Old Age Happy and Healthy

The little daily dose of Kruschen Salts makes old folks feel younger every day—

It brings to the tired, weary body and mind that vigorous feeling of youth—

It imparts to sluggish liver, kidneys and bowels enough health activity to thoroughly eliminate all waste matter from the system—thus insuring to the blood stream a supply of pure unpoisoned blood.

Take two tablets of Kruschen Salts every morning in your breakfast cup of coffee—it's tasteless that way.

Kruschen Salts is a combination of six tonic salts—the very salts that are vitally necessary for a long, healthy life—Please do not confuse Kruschen with ordinary purgative salts that are rough and harsh—Kruschen Salts are health building salts that must be taken daily for increased energy and vigor.

YOUNG DYKEN SOUGHT TO END LIFE IN CELL

St. Clairsville, Ohio, March 8.—That Andy Dyken, 19-year-old matricide, contemplated suicide, and was frustrated only when a fellow prisoner reported his weapons, was reported here at noon today by Sheriff Hardesty, a few hours after the Methodist Ridge boy had pleaded guilty to a charge of second degree murder.

Young Dyken during his stay in the county jail here, Sheriff Hardesty was told, had secreted a steel bar torn from a cot, and had given it a knife-like edge by rubbing it upon the floor of his cell.

Last night the boy boasted that "he knew a way to keep from pleading to the charge of having killed his mother." Hardesty reported, His cell was searched, and the steel found.

Today after being returned to his cell, it was found that he had secreted a belt in his cell. Special guards have been detailed to watch over the boy until his removal to Columbus.

FRANKLIN SQUARE

At the annual meeting of the Salem Township Rural Telephone Co. held at the Mt. Vernon school house last Saturday afternoon the following directors were elected: H. A. Halvestad, John J. Womack, Clarke Halvestad, Webster Brunk-

er, Charles Weikart, John Peppi and E. L. Stewart. At a later date the board decided the directors will meet to elect their officers.

Mrs. Joseph Walker of Salem entertained a number of the Franklin Square young people at her home Friday evening to celebrate the birthday anniversary of her brother,

Gordon Duvall, Salem rd. The honor guest received several gifts. Music and games entertained and a lunch was served by Mrs. Walker.

Robert Burdick of East Liverpool has been a guest the past week in the George Burdick home.

Mr. and Mrs. Frank Greenwalt with Mr. and Mrs. Herman Reopke

of North Lima motored to Canton for last week-end where they visited with relatives.

At the Methodist church there will be a short business session after prayer meeting on Thursday evening. All official members are urged to be present as there is important business to transact.

Freshmen Must Get Etiquette Drill In Ohio State Circles

Columbus, March 8.—To aid the new freshmen of the university in making proper impressions socially, Ohio State co-eds have started to compile a book of "Etiquette hints" which will deal exclusively with how a freshman should act in collegiate circles.

The book will contain hints on proper class and campus conduct, how to act at fraternity and sorority rushing parties and many other problems which students have found perplexing. The etiquette manual will be used extensively for women students entering the university next fall.

No Need to Say that Now.

If you have tried "every thing" for your pimples, blackheads, or eczema and want to know what it is to get something that really works—then let your skin know the magic touch of sulphur combined with menthol. Nothing more amazing than how sulphur clears the skin—and as sulphur clears the menthol needs. As combined in Rowles Mentho Sulphur, the two make an astonishing skin corrective and builder. Pimples dry up overnight. Blackheads and coarse pores vanish in a few days. And as for eczema—even the most burning or itching case soon yields. Relief from the burning or itching follows immediately upon application.

Rowles Mentho Sulphur is inexpensive and all druggists supply it in jars ready to use. Be sure it's Rowles.

LIBERTY BONDS WERE RECEIVED BY WHEAT KING

Patten Says He Advanced \$25,000 to Republicans And Got Bonds

"MYSTERY" WHERE BONDS CAME FROM

Senate Committee Says Sinclair Gave Them To Will Hays

Washington, March 8.—The Republican national committee had a deficit after the 1923 campaign of between \$600,000 and \$800,000. James Patten, the Chicago "wheat king," testified today at the senate's inquiry into disposition of the Continental Trading company's \$3,000,000 liberty bond "slush fund."

Patten told of advancing \$25,000 to the late Fred Upham, Chicago, treasurer of the Republicans, to pay off a part of this deficit and receiving in return \$25,000 in liberty bonds. Patten gave the senate committee a list of the bonds.

Committee members said the bonds given Patten were part of those that Harry F. Sinclair gave Will H. Hays, Republican national chairman in the 1926 campaign.

Patten said he made the \$25,000 advance to Upham on December 5, 1923. He subsequently used the bonds, he said, in a contribution to the Evanston hospital, at Evanston, Ill.

Mystery To Him
The wheat king said "it was a mystery" to him where the bonds came from and how the Republican national committee got them.

Patten said he had contributed to the Republicans "for a good many years." He produced in evidence, a bundle of cancelled checks covering his contributions. He also contributed to Democrats in local campaigns in Chicago, he added.

Senator Walsh (D) of Montana, asked Patten to explain the December 5, 1923, gift.

"On that day, Fred Upham called at my office and told me there was a large deficit from the 1923 campaign," said Patten. "He said the deficit was several hundred thousand dollars in the form of a loan from a New York bank. He said it was covered with liberty bonds."

"He said they wanted to sell the bonds, and he wanted me to give \$25,000 to pay off this deficit and he would give me \$25,000 in bonds. I gave him a check."

Patten listed \$91,000 in contributions to Republican campaigns from 1919 to 1924. In the 1923 primary campaign, Patten gave \$6,200 to Franz O. Lowden's campaign and \$2,000 to the late Major General Wood.

RAISES TARIFF WAR ON SHOALS

Sen. Fletcher Tries For Rider On The Muscle Shoals Bill

Washington, March 8.—A small sized tariff war may be projected into the senate debate over disposition of the government's \$100,000,000 Muscle Shoals project, it was learned today.

Senator Fletcher (D) of Florida, announced he would sponsor an amendment to the Muscle Shoals bill, repealing the tariff on ammonium phosphate, used as the basis for fertilizer. He said he would take this action to determine whether the senate really desired to lift the fertilizer burdens from American farmers.

"The tariff on ammonium phosphate is \$30 a ton," said Fletcher. "Ammonium phosphate is 60 per cent plant food. It has most of the ingredients desired in fertilizer, except potash. Many farmers however use potash separately. If the senators, who talk of lifting fertilizer burdens from the farmers, mean what they say, they will repeal this tax on fertilizer. I shall give the senate an opportunity to vote on it."

Administration leaders have fought every similar move to attach tariff-reducing legislation as "riders" on other measures. They have denounced all "efforts to tinker with the tariff."

Leaders on both sides were hoping for a vote in the senate by Friday afternoon. There was a possibility though that debate might be extended into next week.

DEATH PENALTY ASKED FOR MAIL TRAIN ROBBERY

Washington, March 8.—Aroused by the bandit raid on a Grand Trunk mail train near Chicago recently, Postmaster General New announced today the post office department will advocate legislation authorizing the death penalty or life imprisonment for robbery of the mails.

Rep. Kelly (R) of Pennsylvania, announced after a conference with New he would introduce a bill providing the punishment sought by the postmaster general. The present maximum punishment is 25 years imprisonment.

"Attacks upon the mails by armed bandits have become so frequent and methods employed so ruthless, it is my unqualified opinion that more drastic punishment should be provided," said Kelly.

"The death penalty should be imposed upon any man who used firearms in attempting to rob the mails, or who jeopardizes the lives of postal employees by using dangerous weapons."

Velma Is Assigned To Sewing Division After Quiet Night

Marysville, O., March 8.—Stitch-stitch-stitch—went the needles in the sewing room at the Woman's reformatory here today, and one of them was plied by Mrs. Velma West, 21, who had pleaded guilty to the hammer slaying of her young husband, T. Edward West, son of a rich Perry (O.) fruit grower.

After arriving here yesterday, the weeping widow became prisoner No. 3181, and this morning was assigned temporarily to the sewing division.

Attendants reported that their prisoner had spent a quiet night, and seemed resigned to her imprisonment.

REFEREE GIVES FAY DECISION AS CARR QUILTS

Sailor Disqualified In Third Round When He Fails To Do Any Fighting; Foul, Two Kayoes End Three Other Bouts

Disqualifying Sailor Sam Carr, of Cleveland, in third round for failing to fight. Referee Buck Buchanan declared Sergeant Fay of Fort Raleigh, Kan., winner of the main bout in the police benefit show staged at the Memorial building Wednesday night by Promoter Matt Bramson of Cleveland.

The outcome of this bout, and the result of the three prelims made the show much of a flop. Only one fight went into the fifth round, and a foul-ended this scrap. Two knockouts featured the other two bouts.

Carr gave a sorry exhibition and went down in the first round for the count of nine. The Sarge tapped him lightly once or twice and the Sailor decided to play dead.

Getting on his feet, Carr appeared to rush into the melee but this apparent effort lasted only a moment for he recoiled for the second time on the canvas, this time without being hit.

Tries to Make Fight

Referee Buchanan refused to count Carr, and announced that he was going to try to make a fight out of it. He made Carr come out of his corner, whether he had gone to think it over, and the boys resumed their fly-cavorting antics.

Fay was given this round, and the next time stanza. Then came the terrible third. Carr threw his body into Fay several times and nearly committed fouls while trying to cover up. He was just in there half-crouched doing nothing when Buchanan, disgusted, sent him to his corner and gave the bout to the Sarge.

Buchanan said he believed Fay was really trying to fight. It looked that way, and he rushed Carr all the time, but he could not make the navy lemon do more than hop and skip. Carr was crouching the meanwhile like a turtle in search of a new mate.

Darlin Fools Charr

This bout was to have gone ten rounds.

Young Charr, of Cleveland was awarded the opening bout when he was fouled by the knee of Mickey Darlin, of Ashtabula in the fifth round. Dr. R. T. Holzbecher, called to examine Charr in the dressing room, said there was a slight mark on the Cleveland boy's groin.

Darlin, the smaller of the two boxers, had a hard time keeping his feet during the bout, and several times flopped over when his feet slipped. He had rushed Charr to the ropes, but his knee came up accidentally and caught Charr.

Up to this time two rounds were even, and each boxer had a round. The boys drew in the opening stanza; Charr took the second; the third was even; and Darlin took the fourth. There was three-quarters of a minute left in the fifth round when the foul occurred. Referee Buchanan gave Charr the decision after consulting the doctor.

Cantrell Kayoes Barber

The boys mixed it up in this bout and seemed to be doing about as good as they could.

Ferris Cantrell, colored Cleveland boxer, substituting for Jimmie Davis in the second bout, patted Tony Barber, white, of Cleveland, through one and a half rounds and then kayoed him. Barber, a long-haired, wild swinging individual, was a poor match for the dark boy. Tony, at that, got in some of his wild swipes to Cantrell's face and body before he heard the spring robins chirp.

Arvin Spence, Cleveland, knocked out Bobo Leonard, of Philadelphia, in the first round of their scheduled six-round semi-final. Spence drove Bobo to the ropes with a crashing right, and then sent Leonard out with a powerful left which smacked Bobo's jaw and face with an anvil.

Leonard fell on the ropes, and then swung back onto the floor. In a daze he attempted to get up, and had both feet on the floor, but was hanging to the ropes at the count of ten. Neil Gordon, of Alliance, refereeing this bout, gave the decision to Spence.

Mullings Staging Show

Before the kayo blows, Leonard looked like the best fighter. Spence was just feeling him out, and looking for the opening, which he found, sure enough. Leonard, however, got in more real socks and was doing more of the fighting in the first minute and a half. There were but five seconds left of the round when the knockout came.

Referee Buchanan handled the boxers like a veteran, and his work can be highly commended. He attempted to make the main bout boys really fight, doing all he could, but Carr simply laid down.

It was announced from the ring that the Mullings Fugmen's club will stage a boxing show March 16 at Memorial gym. The club is getting its own card, and the boys are all from different towns. The winners are to get 60 per cent and the losers 40, this to make them fight.

Announcement will be made soon of the card. Jimmy Smith, Detroit, and Tubby Phillips, Pittsburgh, are scheduled for the main go.

Judges Dr. George W. Dunn and H. P. Braman, had nothing to do last night, the four decisions coming in the ring. Ralph Reasebeck was timer.

The Montreal Midgents, two 65-pound boys, gave a classy exhibition of their wares in three rounds for a gratis offering. The boy introduced as a Tough Egg had the better of the world's champ in that

weight. Scrapper Jack Colton. These boys gave the only real boxing show of the evening.

A large house of fans witnessed the show, and they made known their opinions of the flop bouts in no uncertain manner.

MCGRAW STATES GIANTS HAVE NO PROBLEMS NOW

Jawn Is Sure His Club Is Sure-Fire Bet For Pennant

BY DAVID J. WALSH

Augusta, Ga., March 8.—Being a congenital ignoramus, I asked John McGraw today about his second base problem and it wasn't until then that I discovered that he had none at all. Sorry, you know, but he was all out of them just now.

This made me feel so badly that I up and asked him whether he took me for a buttonhole maker. He didn't say that he did but the worst of it was he didn't say that he didn't. In fact, his subsequent observations rather pointedly intimated that he thought the game was trade was some where in the neighborhood on its annual outing.

Wasn't Hornsby a second baseman? Yes, he was inclined to believe Hornsby was. Hadn't he been with the club last year? Yes, he seemed to remember a Hornsby last year; come to think of it, the name had a faintly familiar ring. The trouble was, it seemed, that John's mind was so completely occupied with Cohens and Orts and Reeses

and a lot of real good ball players that he had no time to think about Hornsby.

Have No Problems

"Problems?" He inquired in that tone of pained surprise one uses when the bus boy serves the soup on one's pants leg. "The New York Giants have no problems. We had a club in 1927 that almost was good enough to steal the pennant in the closing weeks of the race and we have fewer questions to answer this year than we did last."

"Second base? Kindly have some deference for my cracked lip. Andy Cohen has done everything we have asked of him and we have asked him everything we knew. He is a first class infielder, a natural second baseman, covers ground, pivots well and gets the ball away rapidly. He is a punch hitter; that is he doesn't hit them far, but he does hit them safely."

"As to that I would put Melvin Ott in there tomorrow with every confidence. Just a natural ball player, you know. In fact, I'll guarantee that, out of a hundred balls hit to him, he will come up with more than Jackson and Lindstrom."

"We are sure of our catching now. Our pitching no longer is questionable. We have a far better outfield, with much greater reserve strength. In fact, the Giants are a better ball club. You don't believe it; wait until the pay-off in October."

Very well, John, I'll wait. If you don't mind, Andy Cohen, of Birmingham, El Paso, Buffalo and intermediate points, may be the second baseman to disenfranchise a man like Rogers Hornsby. The only point I make is that he probably hasn't proved it in the four or five days he has been in camp. He looks the part of a right good ball player, at that.

Somewhere, he has picked up many of the mannerisms of Frank Frisch, even to the latter's Graeco-Roman style of combating ground balls. He does everything well enough to indicate that he really is a major league infielder and he is hitting here with the frequency of his very impressive average in the 1927 international league race.

At Detroit—Bruce Flowers, New Rochelle, N. Y., colored lightweight, won decision over Spug Myers, Pocatello, Idaho, ten rounds. Vic Burrone, New York bantamweight, outpointed Clarence Rosen, Detroit, eight rounds.

Scotland's smallest school in point of attendance, is in the little Highland village of Lochgair. There are only five pupils, and as they are of different ages the teacher has to teach three of them separately, thus making in all four classes.

DAMASCUS COPS OPENING TITLE CONTEST, 37-18

Powerful Offense Is Too Much For E. Liverpool Elks Combine

With the entire team hitting the basket with regularity, the Damascus Quakers took the first game of the county league title series from the East Liverpool Elks, 37 to 18, at Damascus Wednesday night.

The Quakers swamped the river city combine under an avalanche of well aimed shots from the floor with Gilbert, guard, leading in the scoring. Damascus took an early lead, 14 to 2 in the first quarter, and made it 20 to 9 at the half. Neither team was able to do much in the third period, but Damascus still had a long lead of 24 to 11.

If the Quakers play as well at Liverpool Friday night they will win the second game and win the county pennant. They have been putting out the best ball of any of the league teams of late, and a second consecutive victory is not unexpected.

Training Camp Notes

New Orleans, March 8.—With every tribesman in almost the best of condition, two teams picked from Chief Peckinpaugh's Cleveland Indians, will play their first regular practice game here today. Glenn Myatt, who starred behind the bat for the Indians in 1924 and then because of a slump was replaced by Luke Sewell, told his teammates that he was working hard to "hit his old pace again" and share honors with Luke this season as regular catcher.

Clearwater, Fla., March 8.—Four hits by Partridge and a homer by Bissonette featured a practice game in which the Brooklyn regulars beat the Yankees, 12 to 6.

Harry Risona, infielder who formerly played with Philadelphia, Boston and Milwaukee, is making a good impression on Manager Robinson. Robby may use him at third base, second or shortstop.

St. Petersburg, Fla., March 8.—Manager Huggins of the Yankees has dispatched an ultimatum to Urban Shocker, the recalcitrant spitballer. Shocker wrote Huggins that he had quit, but mentioned that he was dissatisfied with the salary offered him. This led Huggins to believe that an agreement might be reached.

Outfielders Combs and Meusel have not yet reported, but they are not holdouts.

Aurora, Ga., March 8.—Ty Cobb believes there's no place like home, especially the cooking. The veteran outfielder of the Athletics, who lives here, has asked Connie Mack for permission to work out with the New York Giants at their camp here until the A's arrive for an exhibition contest on March 16.

George Harper, New York's 36-year-old outfielder, has made a home run every day since he has reported.

In building the suburb of Beacon

tree, comprising 26,000 houses, with accommodations for about 130,000 people, the London county council has undertaken the largest municipal housing scheme in the world.

SHARKEY, RISK BEGIN TRAINING

Fighters Working Out In New York; Both Claim To Be In Condition

New York, March 8.—Pursuant to orders issued by the New York Boxing Commission, Jack Sharkey and Johnny Risko are tossing leather at local gymnasiums today and will be on exhibition each afternoon until Sunday.

The Cleveland rubber man bounced in yesterday morning and unlimbered his light artillery on two sparring partners imported from his home city. Sharkey arrived last night, accompanied by Johnny Buckley and will work out today.

Jimmy Johnston, the famous ten-per-center, says Sharkey is in first class condition.

"Sharkey is in better shape for this fight," asserted Johnston, "than he was for Dempsey last summer. There is no comparison with the Sharkey who mauled through 15 rounds with Heeney in January."

Risko went on the road yesterday morning, and appeared at the St. Nicholas gym here early in the afternoon with his two Cleveland light heavyweight sparring partners, Frankie Lennon and Jess Baulnigh.

The rubber man sparred four easy rounds and did some work on the punching bags. Risko is not impressive in training. He regards it merely as part of the show, for he is always in condition. He showed little brilliancy yesterday. Johnny doesn't expect to outbox Sharkey. He predicts, however, that he will wear the Boston gob out in 15 rounds.

"He won't stop me," Johnny declared, "but I may win inside of 15 rounds. I was a crude youngster when Sharkey took a decision over me two years ago in Boston. I've learned something since."

Risko weighed 193 after yesterday's workout.

White Sox to Play On Way From South In Exhibition Games

Chicago, March 8.—When the Chicago White Sox take the field here April 11 against Cleveland in the opening game of the season Chicago

fans will center their attention on two wearers of the white hose.

One will be the revamped manager Ray Schalk and the other Chalmers W. Cissell, purchased from the Portland club of the Pacific coast league at a fancy figure. He is heralded as a sensational shortstop.

Schalk, after an unsatisfactory year as manager in 1927, is getting a final fling as director of the White Hose. Anxious to make good and criticized for his easy ways in the past, Schalk is said this season to be determined to take a Simon Legree role and strict discipline will mark his 1928 reign.

Full obedience to all rules will be demanded by Manager Schalk this season and he is reported to have warned some of the players they will be instantly dismissed for the slightest infraction of regulations.

Cissell, 24 years old and a resident of St. Louis, had a batting average of .323 and a fielding average of .924 last year with Portland. He is five feet nine inches in height and weighs 160 pounds.

The Sox will leave their training camp at Shreveport, La., on March 16. En route home the Sox will play exhibition games in Fort Worth, Wichita Falls and Dallas, Texas, Memphis, Indianapolis and Springfield, Ill.

**AFTER THE
ROUGHING-IN**

When the roughing-in has been completed, the next in order will be the fixtures. And one of the biggest little things in a plumbing job is the quality of the brass goods used. They mean so much to the life of the job that it would not be putting it too strong to say that they are the vital spots of the fixtures used. We do not mean to minimize the importance of watching closely the quality of enamel ware. For well we know there is a difference. But the point we make is that the wear comes on the brass appliances used. And for the difference in the first cost. One can ill afford to use any kind. But the very best. So choose this part of your plumbing job with the greatest care and be rewarded with longer life and satisfaction with your installation. In trying to give the best we can get. P.A. and a pipe—that's all I ask

I DON'T mean that I am easily satisfied. As a matter of fact, I'm as critical as they come about smoking-tobacco. There are certain things I demand in a smoke, and I declare here and now that P.A. has 'em. Has 'em and to spare, if you ask me.

Fragrant as spring blossoms. Cool as "The boss wants to see you." Sweet as "I'm going to raise your pay." Mild and mellow and long-burning, with full satisfaction in every

wonderful puff. It seems that there are not enough hours in a day to suit your Prince Albert program. You'll start in early and stay with it far into the night.

But all this conversation won't do you any good, unless you try out the tobacco itself. When it comes to speaking for itself, P.A. is the best little talker you ever listened to. Go get yourself a tidy red tin and get some of this pipe-joy I've been picturing.

MOVIES

"SAILOR'S WIVES"

One of the most dramatic films of the season is on display at the State theater.

Opening its engagement last evening, "Sailor's Wives," a First National feature in which Mary Astor and Lloyd Hughes play the leading roles, should be one of the most popular productions shown here in recent months.

Based on the sensational novel of the same name by Warner Fabian, "Sailor's Wives" deals with a highly dramatic incident in the life of a girl who learns, after she has promised to marry the man of her choice, that she is doomed to go blind within a short time.

Unwilling to chain the man she loves to a blind wife, she breaks off the engagement without giving him a reason, and plunges into a whirlpool of hectic living in order to forget her impending doom and to crowd a lifetime of excitement into the few remaining months in which she may keep her sight.

A novel and highly dramatic climax has been added to this unusual premise through the capable direction of Joseph Henabery and the convincing performance of not only Miss Astor and Mr. Hughes, but by the many supporting players as well, including Earle Foxe, Olive Tell, Ruth Dwyer, Gayne Whitman, Burr McIntosh, Jack Mower and others.

"STUDENT PRINCE"

One of the world's simplest and most appealing love stories has required one of the most elaborate settings ever built to transfer it to the screen.

This is the paradox of "The Student Prince," Metro-Goldwyn-Mayer's huge filmization of the famous old play, in which Ramon Novarro and Norma Shearer were directed by Ernst Lubitsch and which is at the Grand.

With their love as the central

DON'T STAY FAT IN THESE DAYS

You see countless people who have gained new beauty, new health and vim, by fighting excess fat. Some have done this by abnormal exercise and diet, some in a modern, scientific way. Why not follow their example?

There is a way based on scientific research. It combats a cause of excess fat which cannot be fought. The method is embodied in Marmola prescription tablets, now used for 20 years. Millions of boxes of them. The results you see wherever you look should induce you to accept them.

Each box of Marmola contains the formula, also the reasons for results. So there is no secret, no reason to fear harm. You will know that all the good results come in a natural way. Go learn them now, by asking your druggist for a \$1 box of Marmola.

theme, a cast of 35 famous players and several thousand extras were necessary to reproduce the famous old story, immortalized on the stage by Richard Mansfield, and recently revived in musical form as "The Student Prince."

Whole towns were built; great castles in Germany reproduced, and the University of Heidelberg recreated in wood and plaster for the huge production. In one scene, showing the welcome of the townspeople to the young prince, played by Novarro, two thousand villagers, guardsmen, police and other characters appear in a gigantic setting depicting a public square and covering ten acres.

The coronation ceremonies required hundreds of soldiers in the brilliant uniforms of the imperial guard, diplomats and nobles; five hundred gaily attired students revolved in the Heidelberg garden scene the majestic Heidelberg castle was recreated inside and out, and other huge construction tasks marked the filming of the new super spectacle.

STYLE EDICTS

Paris, March 8.—The serpent will remain the faithful servant of Eve this Spring and Summer, according to the smart dressmakers on the rue de la Paix who are showing a very large number of novelties in the snake line.

The boa, heretofore seen only in natural colors and with the scales, is now prepared without the latter and dyed in a great variety of shades which make it possible to use for shoes, hat trimmings, handbags and many articles. It is as soft and supple as the lizard and comes in popular colors such as blue, red, green, gray and black.

Another novelty is the pearly Karung for evening wear shown in a variety of shades to match evening gowns. Flowers are made of tiny petals in delicate shades to match. One of Paris' most popular actresses, Maud Loty, is wearing a cape made of this Karung serpent in pearl-gray trimmed with chin-chilla. Umbrellas are lively when made of it in different shades with the natural dark design in star form. A very practical handbag is made of Karung and has the umbrella in it.

Every sort of object is being made of snake or lizard-skin which now comes dyed in charming pastel shades with shadow effects. Even bracelets are made of it. For golf, the bag is made of boa, as well as cape, gloves and shoes. The colors are sunproof and it will wear as well as leather. Gaiters for hunting are a great resistance as the thickest of leather.

HOME-MAKING HELPS

By Wanda Barton

Vegetables are gaining favor daily not only in the home menu but also in public eating places. Most people are learning to cook them in a more palatable way than formerly. Vegetable cookery is an art and should be studied as a separate branch of culinary art by all who wish to do it well.

Carrot Salad

Scrape six large carrots and wash them well in cold water. Plunge into slightly salted boiling water and boil rapidly, covered, until tender. Drain, then slice the carrots and place them in a small crock, covering them with a thinly sliced onion, half a bay-leaf, six cloves, a broken stick of cinnamon, two tablespoons of chopped celery leaves, a sliced bud of garlic, a tablespoonful of honey and a pint of hot wine vinegar. Allow to remain in the marinade for two hours. Then wipe the inside of the salad bowl with a cut bud of garlic and line it with deep green lettuce leaves. Quarter the slices of carrot; add a half cupful of chopped celery, two thinly sliced sweet pickles, a cupful of lettuce cut in ribbons, and a minced half of red pepper. Mask with light mayonnaise made without mustard.

and serve. Drain off the marinade and bottle it for future use.

Stuffed Tomatoes

Select as many fresh firm tomatoes of uniform size, as are needed. Plunge them into boiling water for two minutes to loosen the skin. Drain, pare, with a sharp spoon hollow out the centers, then set to chill. Meantime take a cream cheese and mash it with a quarter of a pound of calf's liver that has been boiled tender, then chopped very fine. Add a small grated onion, a teaspoonful of chopped celery and the same of chopped pepper. Moisten it with a little French dressing. Fill the tomatoes and top with a tablespoonful of mayonnaise. Set the tomatoes on lettuce leaves and serve.

Creamed Leeks

Trim and cut a dozen and a half small, or a dozen large, leeks into pieces two inches long. Let stand in cold water for 20 minutes, then boil in slightly salted water until tender. Drain and have ready the following sauce. One cupful each of cream and chicken broth that has had the grease removed. Add pepper, salt, a teaspoonful of sugar, a teaspoonful of cornstarch that has been dissolved in a tiny little bit of milk. Bring slowly to boiling point, stirring constantly, and when thickened slightly turn onto the beaten yolks of two eggs and stir as it thickens. See that the leeks are well drained, then pour them into the hot sauce and serve.

Before Baby Comes

"Mother's Friend" is a comfort to expectant mothers. Externally applied, it relieves prenatal distress by relaxing tight tissues and muscles. And it is so soothing, its daily use makes the skin soft and pliable.

Three generations of mothers have praised "Mother's Friend." "I think it is worth its weight in gold," writes Mrs. Lelah Mabe, Lawsonsville, N. C. "My baby was born without hardly any pain and it was all due to Mother's Friend." Start using "Mother's Friend" today! It is sold by all drug stores. Little Green Capsules Stop Rheumatic Agony

The J. H. Lease Drug Co., Floding's Drug Store, and Bolger & French Offer 5-Day Trial on Money Back Basis

There's nothing in the world that brings such quick and complete relief from the pain and misery that makes life almost unbearable as these tiny green capsules known from coast to coast as Allenuhu Number 2.

More than one man and woman whom horrible rheumatism has been carrying down to helplessness—suffering the torture of the damned can testify to this.

All you have to do is to take one tiny capsule each hour for the first two hours the next day one every two hours for 14 hours then take as directed.

In spite, however, of all the claims made for Allenuhu Number 2—in spite of the remarkable results obtained by others—these little green capsules must prove themselves in your particular case. For that reason The J. H. Lease Drug Co., Floding's drug store, Bolger & French and good druggists everywhere have been authorized to make this guarantee: If after taking one full bottle Allenuhu Number 2 as directed you are not satisfied—go back and get your money.

SUPT. MOORE OF EAST PALESTINE PLANS TO RETIRE

East Palestine, March 8.—The board of education Tuesday evening set the date for the spring vacation for the week beginning April 2. The date for the annual Taggart prize contest will be May 4. The high school play will be given May 22. Junior high commencement will be May 29; senior high commencement May 31, and school will close June 1.

The opportunity school opened a month ago which provided a special teacher for children of the seventh grade who were not up in class and test averages, was voted to be continued until the close of school.

Supt. of Schools J. W. Moore, whose five-year contract with the board expires July 31, was offered re-election by the board, but he declined being considered as he has decided to leave the administrative work of public schools. No election was made to fill the vacancy, but the board adjourned to be called again Friday evening when the matter of outlining the plan for the requirements for the vacancy will be taken up.

School Trains Peers To Earn Own Living

London, March 8.—A school which trains members of the peerage for executive positions in big business is one of the post-war developments of London.

In Britain there are many young peers, army and naval officers who through financial stringency have been forced to abandon their prospective careers and go out in the world to make money. This school teaches them the way to go about it.

Among the young earls, viscounts and barons who have passed through the training, in particular through the course on stockbroking are Lord Eldon, Lord Swaythling, Lord Titchfield, Lord Ednam, Lord Romilly, Lord Hastings, Lord Ridley, and the Hon. Arthur Howard, son-in-law of Premier Baldwin.

HEALTH HINTS For Parents

Here's a way to make the most delicate boy hale and hearty, and "hard as nails." A way to build his body, and put on weight. Heed this hint, and no boy or girl of yours need ever take another cathartic!

Most ailments of children begin with being bilious; end the trouble then and there with a spoonful of California Fig Syrup. Nothing stronger, nothing else. The bowels will do their duty without using force! If your children have already contracted the laxative habit, fig syrup will wean them away from it.

California Fig Syrup is a purely vegetable product. It will do any child a world of good; it is, in fact, a very wonderful conditioner for children or adults. Its rich, fruity flavor is so delicious. It's no hardship to take! Nor can it harm even an infant! Only one caution: be sure to get the genuine California Fig Syrup; don't neglect to say "California."

It isn't expensive—sixty cents for a generous bottle at all dealers. Try California Fig Syrup two weeks on any child, and let his altered appearance and actions tell the full story! Adv.

Bishop Heads Companionate Marriage Party

Denver, March 8.—A new political party will be born here today when Bishop Frank H. Rice of the Liberal church of Colorado, and others will file incorporation papers with the secretary of state organizing the "companionate marriage political party."

Bishop Rice announces that the objects and purposes of the party will be to work for such legislation as will make companionate marriages legal and more widespread.

A complete state ticket will be organized for the next general election in Colorado, and ministers and bishops of the Liberal church in 24 other states will be urged to further the plan to legalize companionate marriages, Bishop Rice said.

Only one bishop of the church according to Rice, has opposed the plan of the church to sponsor a political party. Bishop Richard Wolfe of San Diego, Calif., has threatened a schism because of the plan.

PRODUCT OF GENERAL MOTORS

In Traveling 25,000 Miles in Less Than 23,000 Minutes The Commander Demonstrates Studebaker Speed and Stamina

TO the ear, only the swish of the wind; to the eye, only a speeding flash . . . as three stock Studebaker Commanders hurtle through space at the Atlantic City Speedway to travel 25,000 miles in less than that number of minutes.

But within each powerful motor, a fusillade of explosions . . . 6830 per minute . . . over 156 million during the run. Pistons plunged up and down with lightning rapidity—more than 104 million strokes. Valves, red hot, opening and closing 1,100 times each minute . . . more than 26 million times during the 25,000 miles. And all this in a raging inferno of flaming gases!

Never had a motor been called upon to stand such an ordeal. Never had man or machine traveled so far so fast.

Stock Models—Certified by A. A. A.

And these were not cars specially built for prodigious feats of speed, but strictly stock, fully-equipped Studebaker Commanders alike in every detail to those driven by owners all over the country. The run was made under the supervision of American Automobile Association officials. After the finish, they tore down each car, examined it minutely and certified each to be a strictly stock model.

For one car to maintain such speed for sixteen days and nights would be a profound tribute to the engineering genius behind it. But, for three Commanders each to

travel 25,000 miles at better than a mile-a-minute, proves beyond all question that The Commander is the World's Champion Car!

To you, the fact that The Commander holds all the highest official endurance and speed records for fully equipped stock cars, regardless of power or price, is highly significant. Not only can The Commander travel at high sustained speed, but it can stand the hardest driving and still retain its youth for thousands and thousands of miles. Only engineering genius, combined with the finest materials and workmanship, could produce a car of such endurance.

Drive The Commander today and experience the thrill of the lithe, untiring power that made it the World's Champion Car. Just telephone and say when and where.

ELECTION WILL CAUSE NO SLUMP

So Says Professor Dice Of Ohio State About Willis, Hoover

Columbus, March 8.—That the nomination of either Smith, Willis or Hoover in the coming presidential primaries will not cause a decline in business is the opinion of Professor Charles A. Dice, of the department of business organization at Ohio State university.

The fact that this is the presidential year should have no effect on business conditions, Professor Dice declares. He predicts, however, that if there is any effect of the primaries, it will be a slow increase.

"In an analysis of 15 presidential years, we find that in seven of them there was a rise in business activity, in three there was a constant decline while in five business started to decline but immediately picked up." In the cases of the declines business had started to fall off the year before, he says.

OUR READERS PROHIBITION EFFECTS

Editor of News:

The wet papers continue to publish statements as to increased drinking among students under prohibition. Twenty-five years ago the editor of the Daily Californian made an appeal to the students at Berkeley "not to drink so much, as the use of intoxicants was becoming a public scandal." And this a quarter of a century ago, before prohibition was even thought of.

The constant repetition in the wet press of the statement that there have been approximately 65,000 deaths due to bootleg liquor during the seven years from 1920 to 1928 without a doubt has made some impression upon those who accept as truth the propaganda of the wets.

Before prohibition 65,000 deaths annually was generally conceded to be a fair estimate of the destructive work of the liquor traffic. Many authorities placed it at 100,000 deaths per year, and these figures were challenged by E. Bunnell Phelps, a well-known and reputable statistician of one of the big insurance companies, who made an exhaustive study of the facts with the results that he came to the conclusion that 65,679 deaths occurred each year in which alcohol was the contributing factor.

This statement was published far and wide and was accepted as being very conservative. Surely a drop from 65,000 deaths a year to 65,679 deaths in seven years is not a bad showing for the prohibition law.

LEETONIA

The monthly business meeting of the Kiwanis club was held on Tuesday evening at the Presbyterian church where the ladies of the church served the dinner with 55 present. The president, R. C. Harold, was in charge of the meeting. Reports were given by several committees showing all activities of the club to be in a flourishing condition. An attendance prize donated by Rev. H. C. Brillhart, was captured by D. W. Hasbrouck.

Secretary C. S. Anglemeyer who has been absent for some weeks because of illness, was able to be present.

ent. During his absence, James S. Hall has been acting as secretary.

During the time the company was seated at the tables, a book, "New Paths for Old Purposes," was reviewed by Mrs. H. C. Brillhart, Mrs. L. P. Godfred, Mrs. F. W. Floding and Miss Barbara Wiedmayer. After this the company was received in the parlors of the chapel where games and contests were enjoyed. In the contest of "Grandmother's Work Basket," Mrs. Clark O. Burdick was the winner of a lovely prize. Out of town guests were Mrs. Lucile Showers of Pittsburgh, and Mrs. Smith.

Tuesday evening, Mrs. I. P. Melinger entertained her Sunday school class of ladies of St. Paul's Lutheran

Sunday school at a delightful four-course dinner in the Lutheran chapel. The tables were beautiful with gleaming linens, each long table having three crystal bowls of pink and white carnations placed down the center. The other decorations were in St. Patrick's day colors, the favors being green and white miniature top hats filled with salted nuts. The place cards were green and white. The dinner was prepared and served by Mrs. H. C. Brillhart's Sunday school class.

On Monday evening the Pythian Sisters held a very enjoyable euchre party in the lodge rooms. There were eight tables in play. Prizes for high score were given to both the

women and men. Mrs. Merle Caldwell and Thomas Cook were the lucky winners of the first prizes while Thomas Frazier and Mrs. John Crawford were given the consolation prizes. A bountiful lunch was served by the committee in charge.

Look! have you a "YELLOW MASK?"

If so, here is an 8-DAY OFFER you should accept!

IT gives us pleasure to introduce to you a tooth paste that is sweeping the country. Movie and stage stars get those exquisite pearly teeth effects from its usage. In less than six months over a million women and men have abandoned old-style dentifrices for it, and testify to teeth white and dazzling for the first time... that's how wonderful it is! Dentists everywhere praise and recommend it. It certainly can't harm the softest enamel—or dentists wouldn't endorse it. This dentifrice is ORPHOS TOOTH PASTE. And the reason for its tremendous popularity is that it is

the only tooth paste that can positively remove that yellowish tinge from teeth, which food, coffee and tobacco cause. Its unique base is responsible—"Tri-Calcium Phosphate," a white, powdery substance that the foremost dentists use for cleaning and polishing teeth. My how it whitens! So eager are we to have you try this remarkable ORPHOS that we have reduced the manufacturer's price 21¢! For 8 days we'll sell it at 29¢—with the coupon below. Don't waste a moment.
